

About Us

Established in the year **2015**, **GELPRO** Packs, a **BW Enterprises**, are Manufacturing, Wholesaling an exclusive range of Gel Products which have gained huge client appreciation. These products are manufactured by picking premium quality raw material by making use of technologically sound machines.

Our premium temperature control products are comprehensively meeting with the demands and requirements of various organizations, shops, home, communities and commercial transport, shipping and pharmaceutical industries as our products like Gel Ice Flexi Pack, Vaccine Ice Pack, Gel Ice Packs, Gel Cold Packs, Helmet Ice Pack and much more, make available the optimum option for refrigerated transport and insulation. Owing to his vast industry experience, domain expertise and sharp business acumen, we have achieved a stature which is leading the best and inspiring the rest.

In order to cater to the diversified demands of customers, we are engaged in bringing forth a highly commendable array of **GELPRO** Ultrasound Jelly. Widely known to smoothen the ultrasound process, the range of jelly act as a moisturizer to reduce friction from the skin. This in turn, helps in enabling the smooth movement of the machine on to the skin, We offer the range in varied packaging of 250ml collapsible tubes and 5 liter cans with dispensers.

PRODUCT CATALOGUE

Proudly make in India

One ice pack For Multi-usage

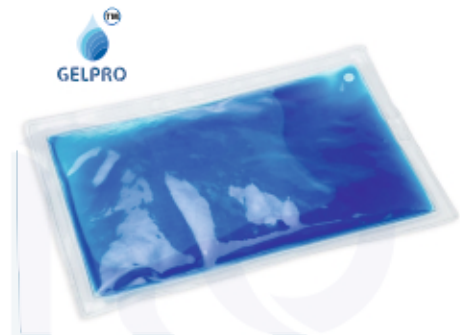

Usage/Application	Clinic
Size	Customized Sizes
Weight	500g to 1000g
